

AT GLASS & ALUMINIUM

PAINTED SPLASHBACK

PRODUCT DISCLAIMER

Disclaimer:

Painted Splashbacks generally are produced on Standard Flat Glass which has a slight green tinge or Ultra Clear/Low Iron Glass which is a low transparency glass containing a low iron content that eliminates the green tinge.

The Clients colour selection will depend on what type of glass is required.

Painted Splashbacks will unlikely achieve a perfect result as minor imperfections are sometimes apparent due to processing.

The Client agrees to accept reasonable imperfections where it can be proven that they were caused by the glass manufacturing or toughening process.

All samples provided by AT Glass & Aluminium are examples only of Painted Colours and variations should be expected.

The Manufacturer & Client acknowledge and accept the above information provided.
